SEBASTIAN ANGEL-RIANO

Systems Administrator

(813) 335-2027 | me@seb-ar.net | seb-ar.net
Valrico, FL | U.S. Citizen – Eligible for security clearance

Systems administrator with 2+ years administering Microsoft 365 / Entra ID identity and access, Linux systems, and firm-wide infrastructure in legal and hosting environments. Track record in server provisioning, data migration, SQL reporting automation, and building documentation that scales IT to non-technical users. CCNA certified. M.S. in Information Technology.

CORE SKILLS

Identity & Cloud: Microsoft 365 Admin Center, Microsoft Entra ID (Azure AD), user & access provisioning, security settings, license management, Active Directory & Group Policy

Systems & Infrastructure: Linux system administration, server provisioning & node deployment, server hardware assembly & maintenance, data migration, network device management, Windows Server

Data & Automation: PostgreSQL, MySQL, SQL Server, SQL report development, PowerShell scripting, Git version control

Operations: JIRA, SOP & documentation development, IT asset management, end-user support, fluent Spanish & English

PROFESSIONAL EXPERIENCE

Network Administrator | Reizor Hosting LLC | Tampa, FL **Jan 2026 – Present**

- Provision and configure new infrastructure and server nodes for hosting clients; plan and execute client data migrations to new nodes with minimal downtime.
- Troubleshoot infrastructure and service issues across a multi-platform ticket queue, resolving ~40 tickets per week for hosting customers.

Systems Administrator | Gilbert Garcia Group, P.A. | Tampa, FL **Jun 2024 – Aug 2026**

- Administered identity and access firm-wide through Microsoft 365 Admin Center and Microsoft Entra ID: provisioning, security settings, licensing, and access reviews for 15-30 users across firm applications.
- Managed and maintained firm-wide infrastructure — servers, workstations, printers, network devices, and user accounts — including server hardware assembly and maintenance.
- Built a reporting workflow in Case Relations Manager and developed PostgreSQL report templates, automating recurring reports for attorneys and staff.
- Created standard operating procedures and documentation covering routine IT tasks, reducing dependency on IT for common requests.

Graduate Teaching Assistant | Florida State University | Tallahassee, FL **Jan 2023 – Dec 2023**

- Taught and graded Advanced Database Management coursework for 30–40 students using MySQL and SQL Server; assisted with debugging and proctored exams.

CERTIFICATIONS

Cisco Certified Network Associate (CCNA) – Cisco ID: CSCO15213999 | Verification: BML6D6VJC4PL89RJ **July 2026**

EDUCATION

M.S., Information Technology | Florida State University **2023**
B.S., Information, Communication & Technology | Florida State University **2022**

PROJECTS

Academic portfolio – databases (MySQL, MS SQL), web applications (Tomcat/AMPPS), and Python machine-learning projects: bitbucket.org/sa17d

BeatLink (2023) – Discord audio-streaming bot written and maintained in JavaScript.
